The Magical Million Dollar Smile...

The quality of your smile has a more direct effect on your personal and business relationships than any other part of your appearance. In fact, 88% of all people say they always remember someone with an especially attractive smile. Isn't it time to stop hiding your smile and show how attractive you really are?

Dr. Weller can take crooked, yellow, embarrassing teeth and turn them into a gorgeous smile that everyone compliments. He utilizes porcelain veneers to correct imperfections, discoloration and improper spacing. Laser gum lifts are performed to improve upon a gummy or uneven smile. All of these procedures can be performed in as little as two visits. Your transformation begins the moment you enter Dr. Weller's office.
